COLLECTION

CRYSTAL

Diametral glass made with Swarovski Elements. More than 600 of precisely cut Crystals available in more than 15 different colours are embedded in perfect lines behind a completely clear and flat glass surface.

ELDORADO

Diametral glass made with real hand layered Gold. Finest contours and reliefs are still visible behind the protection of the completely clear glass surface.

SILVERLOUNGE

Diametral glass made with hand layered waferthin White Aluminium. Behind the clear glass surface an amazing three-dimensionality of the cool silver-look is still visible.

CARBONFIBRE

Diametral glass made with high quality deep black carbon fibre. Shadows and sheen of the fibre material impress under the protection of the glass surface.

AUTUMNDREAM

Diametral glass made with real selected natural leaves. Available in a silver and golden colour the feeling of nature and romantic is sensible under the clear glass surface.
